

OVERVIEW OF THE REGISTERED PRACTITIONER TRAINING PROGRAM

The **Registered Practitioner Training Program** is designed to give students a thorough understanding of the principles of Ortho-Bionomy, in addition to providing extensive hands-on experience in both classes and supervised practice. Practitioner Trainees choose an instructor, with a minimum of one year of teaching experience, who will act as their advisor and assist throughout the training period by offering guidance, support and constructive feedback. This program prepares the individual of the hands-on application of the principles and the philosophy of Ortho-Bionomy in a professional practice.

Entrance Requirements

1. Applicant must have a current Student or Associate membership in OBAC
2. Choose an Advisor
3. Fill out and submit to the OBAC office, the 'Application to Practitioner Training Program Form'
4. Send the enrollment fee of \$100.00 to the OBAC treasurer
